TRIBUTE OF TAFT MARK DEDICATION

Memory of Pilgrims Honored in Notable Manner in Massachusetts.

NAVAL REVIEW WAS FEATURE

Exercises at Providence Where Monument Has Been Erected—Prominent Men Took Part—The Various Events.

Beverly, Mass., Aug. 5.—President Taft's visit to Providencetown today to assist in the edication of a towering monument of granite erected in memory of the Pilgrims, was made notable by an impressive naval review in the land-sheltered harbor behind the hook of Cape Cod—the first review of the present administration. Secretary of the Navy Meyer also was present.

Mr. Taft came on the Presidential cruiser yacht Mayflower and returned to Beverly on the same vessel tonight, reaching there at 8:45 o'clock.

Although he has been saluted a number of times when boarding and leaving the Mayflower, President Taft today had his first real taste of gunpowder and apparently enjoyed the experience immensely. The battleships spoke noisily in salute of the President's flag.

The first and second divisions of the Atlantic fleet, under command of Rear-Admiral Schroeder, had anchored in two broad columns and their dressing lines had been tied-up for a long while before the president arrived. The Mayflower was in view for an hour or more before she turned the hook of sand and pointed into the harbor. It was not until the moment just before 9:30 A. M. that the ships "let go" with a roar of saluting sound that did not cease until all had fired a round of 21 guns.

The President stood on the bridge of the Mayflower. With him were Mrs. Taft, Justice White, of the Supreme Court, Senator Lodge and a number of other invited guests.

The Mayflower anchored at the head of the columns. Secretary of the Navy Meyer was already speeding away from the Dolphin and soon was piped over the side of the Mayflower with a flourish of trumpets, ruffle of drums and band music befitting his rank. Then came the barges of Admiral Schroeder, commander-in-chief of the fleet and Rear-Admiral, Vreeland, in command of the second division.

The visit of the flag and commanding officers lasted for half an hour. The President returned the courtesies of the fleet by paying a brief visit to the Connecticut where he was received aboard with the highest honors.

As he sailed away late this afternoon the President was given a parting salute by all of the ships.

On shore the President had another interesting time. The dedication of the Pilgrim's monument, the culmination of many years of work to secure recognation for the daring settlers who landed here nearly 300 years ago, attracted visitors from all parts of the United States. The exercises were held at the base of the high structure which can be seen for many miles at sea. In addition to the President, the speakers included, J. Henry Sears, President of the Pilgrim Memorial Association; Dr. Chas W. Eliot, President Emeritus of Harvard University; M. VanWeede, Charge D'Affaires of the Netherlands Legation; Senator Henry Cabot Lodge, representing the Secretary of War, Governor Draper and others. The commemorative tablet on the monument was unveiled by little Miss Barbara Hoyt, tenth in descent from Elder Brewster.

Following the exercises the President and the other guests were entertained at luncheon. Mr. Taft in his address at the exercises confined himself solely to a tribute to the character of the Pilgrims and a discussion of the impress they have left on the people of this country.

Tonight the battleships were illuminated and the spectacle of the ships outlined in incandescent bulbs with searchlights flashing, offered from the shore a far more impressive picture than did the day review.

KILLING IN GREENVILLE, S. C.

Night Watchman at Cotton Factory Shoots Another Dead.

Greenville, S. C., Aug. 5.—H. F. Hawkins shot and almost instantly killed L. L. MacLemore tonight at the Mills Manufacturing Cobpany. Both men were night watchmen. MacLemare had been drinking and Hawkins was sent to relieve him at his post. MacLemore refused to give up, and a pistol duel ensued. MacLemore was shot over the heart. It is stated that Hawkins' action was in self defense.

BODY CUT IN TWAIN

Horrible Death of Prominent Virginia Sawmill Man.

Roanoke, Va., Aug. 5—News reached here today from Montvale, Bedford county, that C. C. Williamson, a prominent farmer, Mason and church leader, fell across a running saw at a sawmill yesterday afternoon and was cut in twain. He was 57 years old and married. He formerly was president of the Patterson-Palmer Hat Company of Roanoke.

WATSON IS FEARING TROUBLE

Climax of Bitter Political Campaign Will Be Reached in Georgia Tomorrow—Factional Outbreaks Are Expected.

Thomson, Ga., Aug. 5.—Following a long drawn out newspaper controversy, the bitterness and personal character of which is unique in Georgia political annals, Thomas E. Watso, twice candidate of the Populist party for the P residency, and Congressman Thomas G. Hardwick, candidate for Democratic renomination from the Tenth district, will at noon Saturday simultaneously address the voters of the district in this, Mr. Watson's home town. As a precaution against factional outbreaks, the meeting, it is said, will be held in different localities, and everything possible will be done to preserve peace.

Recently Mr. Watson expressed the fear that the controversy might lead to his assassination by friends of Congressman Hardwick, and this expression, together with the extremely personal character of the charges hurled at Congressman Hardwick by Mr. Watson, and vice versa, is alone responsible for the fear that the meeting might possibly have a riotous or tragic ending. Today, however, it is believed that serious trouble will be averted, although special trains will bring to Thomson hundreds of members of rival factions from various sections of the district.

Mr. Watson, who recently announced that he had returned to the Democratic fold, after adhering to the principles of Populism since the party movement began, is not a candidate for nomination against Congressman Hardwick; he is simply opposing that gentleman's aspirations for another term for political and personal reasons, and his mode of opposition has been, to say the least, unusual from the personal character of charges made. Congressman Hardwick, who is opposed by Messrs. Eve and Ivins, has replied in a like manner.

TEDDY TALKS PRIMARY REFORM.

New York Assemblyman Had Confab With Colonel in New York.

New York, Aug. 5.—Theodore Roosevelt talked over the approaching State campaign today with Assemblyman George Green, of Brooklyn, one of Governor Hughes' staunchest supporters in the Assembly. Mr. Green, who is one of the men who stood sponsors for the beaten Hinman-Green direct nomination bill, went to see Colonel Roosevelt largely to talk of primary reform. He said he received assurance that the colonel was in sympathy with the men, who are working for a direct nomination plank in the platform, and would do all that he could to help them.

C. H. Betts, of Lyons, N. Y., a member of the Republican State Committee, also talked with Colonel Roosevelt on State politics. P. H. Morrissey, of Chicago, president of the Railway Employees' Investors Association, and former grand master of the Order of Railway Trainmen, was another caller. The colonel said they discussed his coming visit to Illinois on his Western trip.

Truman H. Newberry, of Detroit, who was Secretary of the Navy for a a short time at the close of the Roosevelt administration, took luncheon with Colonel Roosevelt. Mr. Newberry was asked whether he would be a candidate for the United States Senate in succession to Senator Burroughs, of Michigan. "Not this time," he said.

In the course of a conversation between Colonel Roosevelt and several of his visitors the name of John Mitchell, former president of the United Mine Workers of America, was mentioned as a possible candidate for the Republican nomination for Governor. Colonel Roosevelt was interested greatly in the suggestion, although he would not express any opinion as to its wisdom.

He said he regarded Mr. Mitchell highly, that he was one of the men on whom he depended for assistance when he was in the White House, and that he thought very highly of Mr. Mitchell's judgment.

Mr. Mitchell has been a resident of Mount Vernon, a suburb of New York, for more than two years. He is chairman of the Trade Agreement Committee of the National Civic Federation. Although he is a Republican, he never has been active in politics, and in fact has been so little of a partisan that at the time of the last presidential campaign his name was mentioned as a possible candidate for the Democratic nomination for Vice President.

Mr. Mitchell was not at home tonight, and nobody could be found who knew if he had ever voted in this State or not, but it was pointed out that his term of residence in the State would entitle him to do so at the next election, or to run for office by the simple formality of registration.

FIRE AT HOT SPRINGS.

Hotel Alpin Destroyed and Loss Will Be $100,000.

Hot Springs, Va., Aug. 5.—The Hotel Alpin was destroyed by fire today. The hotel was crowded, and the guests worked vainly with the fire department in an effort to save the buildings, while the guests of a nearby hotel assisted in saving personal property. No one was injured. The property loss will reach $100,000.

Mr. and Mrs. B. H. Ahrens and several other Wilmington people were guests at the Hotel Alpin, but private dispatches state that they were uninjured.

MAYOR KILLS SELF AT RIDGEWAY, VA.

Detective Asserts That Bousman Touched Off Dynamite Bomb.

EXPLAINS CAUSE OF TRAGEDY

Driven to Desperation by Approaching Poverty—A Horrible Case of Self Destuction—Detective's View of Situation.

Roanoke, Va., Aug. 5.—A special tonight from Ridgeway, Va., says Detective Joseph Funk, of the Baldwin Detective Agency of Roanoke, who has been investigating the dynamite explosion which caused the death of Mayor A. H. Bousman, of Ridgway, on the night of Sunday, July 24th, is satisfied that he has solved the mystery. His inquiries have convinced him that the case was a peculiarly horrible one of self destruction.

He has so reported to the Town Council of Ridgeway, and the report has been officially and is universally believed to be correct, even by Bousman's closest friends.

Mr. Bousman, it was said, was deeply in debt, and the belief now is that the mortification of the failure and dread of poverty for his family, which he maintained always comfortably and in good style, drove him to take the desperate means that he did to end his life. He held an accident insurance policy for $6,000, and had recently taken out two life policies, one for $1,000 and another for $2,000, for which he gave his note.

A paper bag was found wrapped about some dynamite in bushes near the mayor's home today, following the explosion, was identified as one he got at a store the day of his death. He had recently experimented with dynamite. It is believed he lay on his lawn at night, touched the fuse of a stick of dynamite with his lighted cigar, balanced it on his legs, and awaited results. There was no hole in the ground under the tree, and it is claimed both legs could not have been blown off at the same point unless the dynamite had fallen directly across the limbs.

ALMA KELLNER MURDER.

Joseph Wendling Talks Freely With Newspaper Men in Denver.

Denver, Colo., Aug. 5. — Talking freely with newspaper men, Joseph Wendling, accused of the murder of 8-year-old Alma Kellner, at Louisville, Ky., today let slip the first statement that can be regarded as an admission. Wendling, who is lodged in the city jail here, while John P. Carney, chief of detectives, of Louisville, who has him in charge, is securing a short rest, was discussing a search of the Louisville church made by him and the Rev. Father Schumann, after the girl's disappearance.

"We did not look in the place where the body was discovered," he said, and then apparently realizing how the remark might be taken, added hastily: "I don't know in what place the body was found, but we could not have looked there, otherwise we should have found it."

Wendling continued his apparently lighthearted view of the situation. He laughed today when he was told of the probability of mob violence on his arrival at Louisville.

"Even if they lynch me in Louisville," he said, "I do not care. I am innocent of the murder of Alma Kellner."

Louisville, Ky., Aug. 5.—Mrs. Madelena Wendling, wife of Joseph Wendling, accused murderer of Alma Kellner, who is now on his way from San Francisco to Louisville in charge of officers, to answer to the charge of murder, has secured a lawyer to defend her husband, despite the fact that Wendling, when arrested, told the San Francisco police he left Louisville because his wife was cross and refused him any of his earnings.

"I will stand by Joe," Mrs. Wendling said today. "He will tell the truth. It was my fault he went away; I was mad and cross all the time."

CONDUCTOR ASSAULTED.

Col. George L. Peterson Captured Bad Negro—Saw Mill Burned.

(Special Star Telegram.)

Clinton, N. C., Aug. 5.—As the evening train was leaving for Warsaw yesterday Conductor St. George was assaulted by a drunken negro, Eugene Carroll, who was a passenger for Elliott, and refused to give up his ticket. The conductor threatened to put him off unless he paid his fare, and the negro became angry and drew a knife, with which he cut at him.

Col. George L. Peterson, who is very much of an athlete, was a passenger on his way to the beach, and, together with Mr. F. W. Royal, a fellow-passenger, seized and disarmed the negro. The train was backed into the station with Colonel Peterson holding down the ruffian and sitting on him. Policeman Patterson there took the prisoner in charge, and before Mayor Graham this evening, in default of bond, the negro was committed to jail until next court. He stated in court that he was drinking and did not know what he was doing, and was not meaning any harm.

Carr & Peterson had their saw mill burned, four miles south of here, yesterday. The loss will be some $500, with no insurance.

REVOLT MAY RESULT IN SPAIN

Troops Sent to San Sebastian to Guard Demonstration of Clerical Forces. Caused by Rupture With the Vatican.

Madrid, Aug. 5.—Simultaneous with the rushing of troops to San Sebastian to cope with an uprising which the government fears may grow out of the holding there on Sunday of the interdicted demonstration of the clerical forces in protest against the government's stand in its dispute with the Vatican, Premier Canalejas today issued a statement outlining his policy in the premises.

In it Senor Canalejas declares that the demonstration would have been permitted elsewhere than at San Sebastian or Bilbao; in fact, that he desires it to be held in order that its strength may be shown. He says, however, that the law will be enforced and that his adversaries will be responsible for whatever happens. The statement of the premier follows:

"I would have alowed the manifestation if it had been announced to be held elsewhere than at Bilbao, where a strike of coal miners is in progress, or at San Sebastian, which is crowded with visitors on Sundays.

"I know that priests are distributing arms, and also that the manifestants intend to bring women and children with them, in order to prevent military intervention. But I am determined to enforce respect for the law. Troops will be distributed at strategic points, and railroads will be held for reinforcement.

"If my adversaries want a lesson they shall have it. They will be responsible for whatever happens.

"The manifestation has only been adjourned. I desire that it shall occur in order that its strength may be shown, but it must occur elsewhere and without constraint or threats."

Senor Felin, the chief of the Carlists, has invited the Carlists throughout Spain to send delegates to the demonstration at San Sebastian Sunday.

El Liberal in its issue of today demands the expulsion of Monsignor Vico, the papal nuncio to Spain, on the ground that he is inciting Catholics to rebellion.

Premier Canalajas said today that the violence of the telegrams he was receiving warranted the prosecution of their senders.

Manifestation Abandoned.

Madrid, Aug. 6.—It is officially announced that the manifestation scheduled to be held at San Sebastian on Sunday has been abandoned.

The Catholic newspapers will publish manifestoes explaining the decision.

CANADIAN STEAMER WRECKED.

Eighty Passengers Rescued—Sank Within Two Hours.

Juneau, Alaska, Aug. 5.—The Canadian steamship Princess May, which left Skagway, Alaska, southbound for Vancouver at 9 o'clock last night with 80 passengers struck the north reef of Sentinel Inlet at 4 o'clock this morning in the dark, but not foggy weather and in a smooth sea and sank two hours later.

All the passengers and their baggage were taken to the light house on Sentinel Islet, whence they will be brought to Juneau by steamers that have gone to their relief. None of the passengers or crew are injured.

A boat's crew of six was picked up by a fishing launch and brought to Juneau. Later a second boat's crew with Pilot Richardson arrived. The members of the crew, who are here, say that the steamer will be a total loss, the bottom being torn open so that it will be impossible to raise the vessel. Capt. McLeod and a number of the crew will stand by the ship.

The approach to Sentinel Rock at the southern end of Lynn canal is one of the most perilous stretches of water in Alaska. A ship must clear rocky islands on both sides, the smallest variation from the course entailing destruction. The walls of the canal are precipitous and the waterway deep and in many places narrow.

Sentinel Islet, situated about four miles north and east of Shelter Island, is the key to the narrow passageway by Shelter Island.

TROOPS ARE SENT TO MURDER SCENE

Feeling Runs High Following Double Tragedy in Georgia Town.

BLOODY DUEL AT REUNION

Brothers Were Slain and Posse Holds Murderers at Bay Awaiting State Troops—Fear of Lynching Causes Action.

Macon, Ga., Aug. 5.—The fued spirit blazed up so fiercely this afternoon at Grays station, 20 miles from here, that two companies of militia tonight hurried to the little hamlet to prevent further bloodshed. Two men, S. Ethridge and his brother, Morris, were shot dead in their tracks, and the men with whom they had quarreled, Luther Morton and his brothters Will, Sam and Tom, were cooped up in their mother's house by a posse with the double intent of preventing their escape and of portecting them from vengeance threatened by the kinfolk of the slain Ethridges.

It was during a reunion of Confederate Veterans the most peaceful and fraternal of the present day concerns in the South, that the shots rang out this evening. The firing came from the opposite of Gray's station from which the celebration was held and crowd of townspeople and visitors streamed toward the sound of the shooting. They found the Ethridges lying dead in front of Luther Morton's store. The sheriff and his deputies would have hurried the Morten's to temporary shelter, but knots of men talking of revenge caused uneasiness. The situation grew threatening and troops were asked for, two companies leaving here at Sheriff Brooks' request early in the evening.

Gray Station, Ga., Aug. 5.—The feud which cost the lives of S. E. and Morris Ethridge here today had quieted down shortly before midnight and all danger of rioting appeared over. Luther, Sam, Will and Tom Morton, charged with shooting the Ethridge's were safely taken out of town by Sheriff Brooks.

Early Story of Murders.

Macon, Ga., Aug. 5.—Upon request of Sheriff Brooks, of Twiggs county, two companies of State militia left here tonight at 9:45 for Gray's station. S. E. Etheridge, and his brother, are lying dead in front of the store of Luther Morton, on the outskirts of Grays and at Morton's mother's home, a block away, he and his three brothers, Will, Sam and Tom are held at bay by a big posse sworn in by the sheriff, while relatives of the Ethridges, who were assembled in the little town for a big reunion of Confederate Veterans, have according to reports received here, been threatening to revenge summarily the killing of this afternoon.

Sheriff Brooks wired for troops early in the evening. Two companies left immediately.

While almost every one else was at the barbecue in another section of the little town, the two Ethridges and a cousin, Will Kitchens, rode up to the little store kept by Luther Morton and an interchange of invectives followed which terminated in Will Morton leaving the house and he and Clayton Kitchens engaged in a fist fight. The fight waxed warm and almost simultaneously shots rang out following in quick succession. When the smoke cleared away the two Etheridges, who were standing between the fighters and the door of Morton's store, were lying on the ground. Half of the older man's face was shot away and his brother, Morris, was pierced through the heart.

Luther Morton was standing in the doorway with a shot gun in his hand, according to an eye witness of the bloody affray. There was a stampede of people to the scene.

Sheriff Brooks entered the home of the Mortons, while over the dead bodies of the Etheridges, were heard threatened mutterings from their friends. Sheriff Brooks rushed his prisoners to the home of their mother and at last reports received here they were still guarded there by a posse.

Two companies, the Florida Rifles, and Macon Hussars, 100 strong all told, took the train under the personal command of Col. W. A. Harris. Capt. Wheeler is in charge of the Hussars, and Capt. Shurmond, of the Florida

AUTOMOBILE WRECK.

Earth Gave Way Near Lumberton and Machine Plunged Down.

(Special Star Telegram.)

Lumberton, N. C., Aug. 5.—This afternoon about 5 o'clock, while Mr. R. P. Blackman, of Rowland, and Miss Ethel Lake, of Florence, S. C., were riding in an automobile, the car was wrecked about a mile from town, on the Fayetteville road. Mr. Blackburn sustaining slight bruises, but Miss Lake escaping uninjured. The car was stopped to let a vehicle by, and was driven too near a broad, deep ditch, and while standing still the ground gave way underneath the car, precipitating it and the occupants into the ditch. Assistance was soon rendered and the young people brought to town. Miss Lake is visiting at the home of Capt. J. P. Russell. The damage to the car has not yet been determined.

ELLER NAMES THE COMMITTEE

State Chairman Designates Five Good Democrats to Pass on Sixth District Situation—Wrightsville Thursday Night.

(Special Star Telegram.)

Winston-Salem, N. C., Aug. 5.—State Chairman A. H. Eller today announced the following five good Democrats outside the District to pass upon the unfortunate controversy which has grown up over the nomination of a Congressman in the Sixth District, this action being in pursuance of the resolution passed by the Democratic State Executive Committee in Raleigh Monday night, viz:

Ex-Governor Thos. J. Jarvis, of Greenville.

Ex-Governor Chas. B. Aycock, of Raleigh.

Ex-Judge A. C. Avery, Sr., of Morganton.

Ex-Lieutenant Governor R. A. Doughton, of Allegheny.

Ex-Congressman Theo. F. Kluttz, of Salisbury.

Ex-Governor Jarvis is designated as chairman and the committee is called to meet at Wrightsville Beach on Thursday night, August 11th, at which time the situation will be gone into thoroughly.

The resolution under authority of which the special committee will conduct its investigation, as passed by the State Committee, is as follows:

"Moved, that a committee of five, either of members of the State Committee or of other Democrats, be appointed by the chairman of the State Democratic Executive Committee, which committee shall take into consideration the conflicting claims in reference to the Democratic nomination for Congress in the Sixth Congressional district, and report to the full State committee to be called together by the chairman.

"First—Whether this committee has jurisdiction in the matter.

"Second—Whether either Mr. O. L. Clark or Mr. H. L. Godwin was duly and lawfully nominated.

"Third—And if neither is found to be nominated what further action shall be taken in order to secure the nomination of a candidate."

Godwin in Raleigh.

Raleigh, N. C., Aug. 5.—Congressman H. L. Godwin, of the Sixth District, spent the day here, and called on a number of State officials including Governor Kitchin. It is understood the Governor is not taking sides at all in the contest that is on between Godwin and Clark over the Congressional nomination. However, he is outspoken in his insistence that there should be some adjustment that will restore party harmony. No one seems to have any idea who State Chairman A. H. Eller will appoint as the committee of five on the part of the State Executive Committee to investigate the contest and recommend as to whether here shall be a general primary.

A committee that it is believed would be most generally acceptable and will most probably be appointed comprises: Ex-Governor Aycock, Raleigh; Ex-Governor Jarvis, Greenville; Hon. C. B. Watson, Winston-Salem; Walter Murphy, Salisbury, and Hon. Theo. Davidson, Asheville.

NEGRO INDEPENDENTS.

National League Meets in Atlantic City—Denounces Both Parties.

Atlantic City, N. J., Aug. 5.—The National Independent Political League, represented by 52 colored delegates from 30 States, today adopted resolutions denouncing both the Republican and Democratic parties and urging the colored voters to "demand protection, education, equal opportunity and justice." Among other things the resolutions state:

"As the Southern Democrats disfranchise the negro voter and the Republicans asquiesce the time is ripe for an independent negro political move."

The negro voter is urged to cut loose from both paries "and vote only for Congressmen who pledge to advocate a National Anti-Jim Crow law, the enforcement of the war amendment and the restoration of the Brownsville soldiers."

The resolutions close with the following:

"Roosevelt has given us Brownsville, Taft has dismissed worthy office holders solely because of their color, Texas has outrun Kichiney, color prejudice is worse than Castro."

JAPANESE BOY AT LARGE

Believed to be Responsible For Crime on California Ranch.

Oakland, Cal., Aug. 5.—J. Mayeda, a Japanese house boy employed by Mrs. Margaret Starbuck, was arrested today in the belief that he was Henry Yamagachi, who is accused of murdering the Kendall family on the Starbuck ranch near Santa Rosa. Mayeda soon established his identity. He is held because of his acquaintanceship with Yamagachi.

Yamagachi appeared at the Starbuck home after the triple murder, and it is alleged by Mrs. Starbuck, virtually confessed to her that he had quarreled with the Kendalls and had "made away with them."

W. A. Kendall, a wealthy planter of Cynthiana, Kay., a brother of Enoch Kendall, who, with his wife, and son, was murdered on the Starbuck ranch, will spare no expense to capture and punish the murderers.

Today he wired to Mrs. J. F. Henry, of Dimond, a friend of the Kendall family, that he would pay all expenses of the hunt for the murderer.

MASS OF DENIALS OF GORE CHARGES

Testimony of Man Accused by Senator Features Bribery Inquiry,

OVER INDIAN LANDS DISPUTE

Gore Re-Asserts He Was Offered Big Bribe—Hamon Tells of His Relations With Oklahoma Senator.

Muskogee, Okla., Aug. 5.—With United States Senator Thomas P. Gore reasserting his charge that he had been offered a bribe of $25,000 or $50,000 to influence his action in Congress and with Jake L. Hamon, accused by the Senator of having offered the bribe, denying he had ever done any such thing, the investigation of the Oklahoma Indian land deals by a committee of the National House of Representatives today simmered down to a mass of denials.

For four hours Hamon, former chairman of the Oklahoma Republican State Committee, entered a continuous series of denials relative to his alleged relation with what are known as the McMurray contracts by which, according to Senator Gore, $3,000,000 or ten per cent. of thirty million to be realized from the sale of Indian lands to a New York syndicate, was to be diverted from the Indians in the shape of "attorneys' fees."

Hamon also answered Congressman C. E. Creager with a denial. Replying to the Congressman's charge that Hamon had suggested that an "interest" in the contracts might be available to the Congressman if the latter helped remove opposition to Congressional approval, Hamon testified:

"It was just this way: I was down here in Oklahoma attending to my business, when a friend told me Creager had said I had approached him improperly in regard to the McMurray contracts. So I hopped on a train and went to Washington. I got hold of Creager and said: 'Look here, you know I never said any such thing.

"'Then Creager said: 'Now Jake that certainly was the impression I got—that you suggested I might get an interest in the contracts.'

"I replied: 'You certainly are mistaken.' Then Creager said, 'Well if you say I shouldn't go, I won't go before that investigation committee down at Muskogee and testify that you approached me.'"

Among Hamon's denials were the following: He denied that he at any time had been closeted with Senator Gore in the Senator's office in Washington to urge the approval of the contracts.

He denied that he had ever mentioned Vice President Sherman, Senator Charles Curtis, of Kansas, or Congressman B. S. McGuire, of Oklahoma, as being "interested" in the contracts, as charged by Senator Gore. He denied that he had ever spoken of a bribe to anybody about any legislation or that he ever was interested in the McMurray contracts.

He denied that at the time the contracts were being discussed he had called up Congressman Creager on the telephone at Washington asking for an appointment, but said Mr. Creager had called him up. Mr. Creager previously had testified that Hamon had asked an appointment at which the "interests" in the contracts was spoken of.

Hamon denied that he had ever said: "Dick the Senator is becoming mighty hard on his friends." In the presence of D. F. Gore, brother of Senator Gore. D. F. Gore had testified that Hamon made the remark just after the Senator refused the alleged bribe.

He denied that he had ever said "I want to make a lot of money and don't care much how I make it" in the presence of J. Leroy Thompson, Senator Gore's stenographer. Thompson previously had testified Hamon made the remark.

Interrogating the witness, Congressman E. W. Saunders, of Virginia, a member of the committee, said:

"Now Mr. Hamon you have denied the testimony of all of the witnesses who have preceded you. You have branded the assertions of the Senator, his brother, his clerk and the Congressman as being absolutely false. It would appear from your denials that a conspiracy had been entered into grossly to misrepresent you. How do you account for that?"

"That's beyond by power of conjecture," replied Hamon. "I never had one penny's interest in the McMurray contracts and never offered a bribe to any one."

"It is barely possible that I did see Senator Gore on May 6th last, when he says the offer of a bribe was made. I saw him frequently, but at this time I believe he took me up into the library of the Senate and closed the doors. He wanted to talk over with me his coming campaign and see how I could help him out financially. Although I am a Republican and he a Democrat, I was in the habit of helping him out."

"You and Senator Gore had been good friends had you not?" asked Chairman Burke.

"Yes I had known him as a friend for about nine years and had business dealings with him."

Asked to explain some of his busi-

The Sailors are going good now, and took the second game from the Giants yesterday, and administered a coat of whitewash that will take a good big shower to eradicate. One Mr. Gundersen assayed to waft the pill for the visitors, and failed dismally to come up to expectations, considering the record he has established all around the circuit heretofore, as he allowed the Navigators to bunch hits in two innings, either of which was sufficient to win the game, and let one or more of them take a base on balls intentionally rather than put it across and give them a chance to maul it.

Brooks for the locals held them down to three hits, each one in a different division, and had perfect control at every stage of the game. The details:

In the first inning Brown was walked, but was forced to second after Sharpe had fanned, and Handiboe hit to infield, he being safe on first. McDonald hit to short, who covered second ahead of Handiboe, retiring the side. Hoffman started the last half with a single over second, and annexed that pillow when the centerfielder fumbled the ball. Cooper sacrificed him to third, and he was scored by a long sacrifice fly to Tydeman. Orth then followed with a single through second, but Mills flew to second. In the next, Morgan was out, short to first; Evans fanned, and Gates took first on error of Kluttz, but Daly flew out to left. Wilmington was out in order. Gundersen was out on first in the next, after which Brown placed a safety in short field, and was advanced to second on Sharpe's sacrifice, but Handiboe died on first. In the last half Brooks was safe on first when short threw wild, and Hoffman advanced on him, but Cooper was out on first and Tydeman ethered. In the fourth McDonald was out on first, Morgan flew to Kluttz, Evans singled to left, but Gates ended the hope by going out to right. In Wilmington's half Goldsboro's second baseman received the credit of three assists, by which Orth, Mills and Kluttz were retired. The only happening in the next two innings was a single in the sixth by Hoffman, but he died on second.

In the seventh Morgan was put on first, and Evans followed with a single to center, but was caught hooking another bag, Gates flying to left. Wilmington was out in order, as were the Giants in their half of the eighth, after which Brooks started the "ball rolling" with a single to right, but was thrown out on second, when Hoffman hit to pitcher and was safe on first. Cooper followed with a long drive to left, advancing Hoffman to third and going to second on throw-in. Tydeman hit to short and Hoffman was called out at the plate, and Cooper went to third, scoring a little later, when the third baseman missed a throw from catcher, Tydeman ending up on the same station Cooper had just vacated. Orth was next up, and was tapped with the ball and given first, Tydeman scoring on a passed ball, while Mills was in process of fanning.

In the ninth Sharpe fanned, and Handiboe was out to first unassisted after which McDonald was given first on error of Mills, but was forced at second when Morgan hit to short.

BROOKS BAFFLERS.

Another!

Certainly we won.

They're doing the B. Oldfield now.

You fed 'em nicely, Brooks, old songbird.

A little of the Rockefeller thing, but it didn't count.

Might as well give Mr. Webb a little whitewash today as a week-end.

Meanwhile there was another much-needed hoist in the percentage column, thank you.

Hoffman batted 1.000 yesterday, getting two safe hits and a sacrifice, with three times at bat.

And to think you gave them only three little hits. Shame on you! You're getting real stingy.

Orth, Mills and Kluttz died on first in quick succession in the fourth, all three going via Brown and McDonald.

Tydeman pulled down Daly's scorcher in the second frame that would have gone for two bags if it had gotten away, and received the plaudits of the grand stand when he came in.

His Umps Freeman has a voice that appeals to the fans who are (?) musically inclined, and that Grecian pose he assumes as the ball leaves the pitcher's hand looks awfully cute to those of the more artistic temperament.

There may be faster base runners than Kluttz, but they're not working at their trade. Yesterday he covered the distance between the plate and first in nothing, and came dangerously near being safe on a bunt right to the pitcher's box.

Didn't ever glue thine orbs on Hoffman when he is at the bat. Hoffy stands a couple of furlongs away from the plate, as though he were extremely bashful, and did not care to have an acquaintance with the rubber, but when he gets a hit it's a "must go" news story, and he broke into print on two different occasions in yesterday's game, as well as on Thursday.

"That fast left fielder Hoffman of last year's Raleigh Red Birds has brought joy to the fans in the Seaside City, for he will soon appear in a Sailor uniform," says the Rocky Mount dopist. You speak wisely, brother, for, as a glance at yesterday's and Thursday's details will show you, we've already had a good taste of that same exuberant and unconfined article.

BRILLIANT GAME WAS THIS

Railroaders Put It All Over Klancy's Klan at Rocky Mount Yesterday. Only One R un Possible During Game.

(Special Star Telegram.)

Rocky Mount, N. C., Aug. 5.—Gillespie's single put Stein across the rubber for the only run of the game today, giving the crew a victory over Fayetteville. Both pitchers were effective with men on bases, and honors were about even, as Thorpe's wildness atoned for the frequency of the opponent's yielding hits. The crew dropped nine safe, but Boyle kept the hits away in the pinches, with one exception, and this lost the game. Mayer's robbery of a hit in right, and later a cutting-off of Gillespie at the plate were the Highlanders' startlers, while Dussault brought the fans to their feet with a cutting-off of every man who started for a steal on him, and nearly a half dozen tried it. A double-header is slated for tomorrow.

WILSON HAMMERED HARD

Total of 13 Hits Off Lane and Stewart Yielded Red Birds Nine Runs to Wilson's Four—Score. Nine to Four.

(Special Star Telegram.)

Raleigh, N. C., Aug. 5.—Heavy hitting and an errorless game for Raleigh tells the whole story of the defeat of Wilson by the Red Birds this afternoon. Score, 9 to 4. The Tobacconists put the Red Birds on their mettle by getting in two runs in the first, and before the third was over Raleigh had five to her credit. Westlake was hurt in the eighth, and was relieved by Miller, Hearne taking right field. Westlake's ankle was sprained.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Saturday, August 6, 1910.

If everybody who thinks he is a Democrat could get together and compare platforms, it would bring on more trouble, and then some more.

Says the Greensboro News (Rep.): "Republicans can well afford to disregard the advice that is being given them by Democrats." We should smile.

The Columbia State considers it odd that North Carolina has a town called Flea Hill. Nevertheless, it is a good country around there, and the people do not have to scratch for a living.

The Columbia State on Thursday contains an editorial on the "Candidacy of Candidate Blease." Blease? Where have we heard that name before? Oh, yes; every time South Carolina goes to nominate a Governor, he is always in the running.

It doesn't make any difference whether the pot or the kettle wins in the State Republican Convention at Greensboro, N. C.; they will have to buck against State Democratic Chairman A. H. Eller. He loves a fight, and he knows how to put it up.

An Idaho woman who was kidnapped when she was 12 years old has been found. However, she was found too late to excite romantic interest, for she unthoughtedly acknowledges that she is 50 years old. In exile, evidently she lost the instinct which leads to the concealment of age.

It is said that China is anxious to adopt Western ideas. It is to be hoped that she is not stuck on America's grafting and bribery habits, and will not take to the unrighteous idea of putting tax burdens on the Chinese masses for the benefit of predatory Chinks already worth millions.

By the way, Congressman Morehead thought Republicanism in North Carolina was decent enough for him to become one of its recruits a few years ago, and by which he was made a Congressman. The creature has gone back on its creator, and there is no wonder that the Old Guard are mad.

"Every man should stick to his trade" is an old adage. Nevertheless, the two Richmond county men who made a political trade by which one paid the other $700 not to run against him for a certain office, is one instance showing that there are some "trades" that a man should not stick to. They stuck to their trade, and the Richmond Democracy refused to run either one of them for the office. They lost deal and are discredited.

In other words, the News thinks that it is well to "beware of the Grecks bearing gifts." As a matter of fact, the ordinary Democrat, who hasn't got troubles of his own, can have as much fun out of a Republican row as the lamented Ransey Sniffles, of Georgia, who took a delight in doing and saying things that would not involve him, but would be sure to bring on a fight, with Sniffle as a spectator intensely enjoying the exhilarating spectacle.

"We deplore party dissensions," says a contemporary. Party dissensions are bound to come when one politician has an office and some other fellow is so anxious to root him out that he stirs up the natives. It should be stated that the natives do not know any better than to get set by the ears over politicians who start the row and keep it a-going. One or the other of the politicians will be sure to get the office, but the natives have to go on back to work to make a living. A quarrel between men over politicians doesn't even get a bunch of fish as a reward for the amount of hostilities displayed.

CORN CAMPAIGN.

The campaign to encourage the production of corn on a larger scale in North Carolina has become an exceedingly interesting feature in the agricultural life of the State. The intelligent and systematic efforts of the State Agricutural Department are meeting with splendid success, and the result has become a matter of great enthusiasm throughout the State.

The corn-growing contests alone will largely increase the corn yield throughout the State, for every county has its corn clubs and contestants vieing with each other for the prizes offered by the Department. It is said that in Robeson county alone 200 farmers are engaged in this year's corn contest, and that every contestant has his prize acre alongside the public roads so all passers can behold something fine. It is said that these contests are full of snap and that the State is going to smash some more corn-growing records this year.

Last year's contest was sufficient to bring fame to a young man named Batts, in Wake county. He produced 226 2-3 bushels of corn on an acre, and his name has been spread abroad in the newspapers throughout the United States and Canada. The publicity which he received resulted in bringing him $4,400 for the crop from that one acre of land. Young Batts not only secured a big yield from his prize acre, but it produced such a fine quality of prolific corn that he sold the entire crop for seed. His corn was sold to farmers in many States in the North, South and West, and in Canada, while inquiries concerning his corn and his method of cultivation were received by Farmer Batts from all over the country.

The State Agricultural Department began the campaign with a view to inducing the farmers of North Carolina to grow plenty of corn and to grow more of it to the acre, in order to reduce the cost of production. These corn-growing contests have shown that corn can be raised at a big profit by our farmers, and that North Carolina would become a great corn-growing State if they will quit getting their supplies from the West and raise them at home. Thousands of farmers throughout the State have now become interested in corn growing, and it is estimated that North Carolina has in corn this year nearly 200,000 acres more than she had in 1909, and 400,000 acres more than in 1908. With the acreage increased on that scale, better cultivation methods followed, and enthusiasm created, the day will soon dawn when North Carolina will not only quit drawing her corn supplies from the West but will produce corn to supply all the home demand and have some to sell. The seller, instead of the buyer, is the fellow who makes the profit.

It is being demonstrated that corn can be produced economically in North Caroina, and at a profit that will compare with most crops. When the production of corn in the State is sufficient to supply the demand of home consumption and an overplus is produced, it will mean the raising of more stock and hogs, and the consequent home production of our meat supplies. The day that we can keep in the State the millions of dollars sent out of it for corn, hay, meat and other food supplies, our people will begin to feel the impulse and effects of a prosperity they have never experienced before. That is a day The Star longs to see.

For years it has been the custom of farmers of the South to raise cotton and spend vast sums of money for Western corn, hay and meat. It is gratifying, therefore, that not only North Carolina but the entire South has determined to put an end to such a ruinous custom. The corn growing movement prevails throughout the South, and it is estimated that Virginia, North Carolina, South Carolina, Georgia, Kentucky, Tennessee, Alabama and Mississippi have 26,777,000 acres in corn this year. This is an increase over the 1909 acreage of more than one million and a half acres, and more than two and a half million acres than in 1908. The South is not only increasing its acreage in corn, but the farmers are adopting improved methods of cultivation, with the result that they can raise more corn to the acre than ever before. Increased acreage and increased yield per acre will bring about tremendous results, and North Carolina, we are glad to say, will be in at the harvest.

Senator DePew has roused up and says he is going to "stand on his record." If he has crooked feet he may be able to stand on it for a while.

FOOLISH ALARM OF THE MASSES.

All who want "Government by Money" in the interest of "Big Business," which fattens by reason of a tariff levied under the absurd and pitiful plea of "protection for home industries," should be sure to vote the Republican ticket. Don't wait till everybody gets ahead of you, but make a rush for the ballot box to vote a tax on yourself, your family and your neighbors, so the Republican Government can aid a predatory class that can buy and sell a million people who have to work for their living.

Men who have their nose on the grindstone and can hardly make enough for their wives and children to eat and to wear should not fail to vote for protection for a class which rolls in wealth but who will take all the government aid they can get in addition to what they are gouging out of the people who do the paying and the consuming. This is a serious matter, not to the voter in one way, but certainly to the protected classes which must have a protective tariff in order to keep up the flow of lucre that comes to them in addition to reasonable profits.

Every voter who believes in voting a bounty for somebody else at the expense of himself and his family will please hold up his hand so he can be counted among the friends of the Trusts who need all the money they can wring out of consumers. Pretentious efforts have been made to suppress the Trusts but their friends can rest assured that the same party which is making a bluff at the "trust busting" business will never injure the persecuted Trusts as long as they help the trusts to the tune of billions of dollars which the "people's government" (?) make the people pay through a tariff which enables the poverty-stricken, million dollar "home industries" to exploit consumers by means of prices that make "insurgents" even out of Republicans.

The trusts assure their friends among the voters that they can defy prosecution and they will never mind a little thing like that just so long as they get protection under the tariff. The friends of the tariff for the trusts need never turn grey and grow haggard with worry over the fear that the Trusts are going to be hurt so as you will notice it, for it gratifies the Trusts to inform their friends that, although they should be prosecuted or even convicted by the people's courts, the persecuted Trusts can pay all expenses and have plenty left out of what a Republican Congress makes the people pay into their coffers by means of a protective tariff. However, vote a tariff tax on yourself and then some more, and consequently it will be well with all the protected interests, which though having millions, will take all the additional millions that the bread and butter crowd will vote for their benefit.

For fear that the friends of the Trusts and their tariff might grow puny and go into a decline with anxiety over the fate of the Trusts, they should compose themselves, take courage and vote in a way that will prove them to be devoted stepsons of the Mother of Trusts. Have no fear that impending doom is feared by the Trusts as long as millions are flowing their way through the tariff channel, good and strong. Only a little intellectual indulgence by the votaries of "Big Business" need be exercises in order to prevent a state of alarm. Go to, you weakkneed friends of predatory affluence and tariff beneficiaries, and consider for a moment how foolish would be the man who would attempt to empty a jug by pouring out one pint and pouring in two pints. Therefore, be wise as serpents and be not cast down, for you should be rejoiced to know that the little paid out by the Trusts because of foolish "trust busting" comes back manifold into their coffers out of the pockets of the people.

Even if a voter has to eat corn bread and take chances with pellagra or drink branch water and take in the hookworm, he should vote for a Republican who will see to it that the Trusts get nothing but protection at the expense of the struggling masses.

THE NEGRO'S OPPORTUNITY.

Because we have so many idle, trifling colored people hanging around the cities and towns, it must not be taken for granted that all the race show a disposition to loaf and do nothing except when they are compelled to do it. There are many industrious, thrifty and deserving colored people in the Southern States and lots of them live in North Carolina. Some of the older ones are setting a fine example for the younger ones in the way of making their own living and also making money on their own hook. Many enterprising negroes own their own farms and where they are industrious they succeed as well as anybody. They have the brawn and muscle, and thrift is sure to follow. North Carolina offers unequalled opportunities for men who are not afraid of work and the man who works intelligently as a farmer will have no cause to complain of dull times.

That colored farmers succeed and own their own farms and become independent is made known by a colored farmer of Forsyth county who writes to the Winston Republican to boast of what a community of 14 negroe farmers is doing. The colored farmer who writes is A. G. Speas, of Tobaccoville, N. C., R. F. D. 3, who says himself and neighbors this season raised 756 bushels of wheat, an average of 54 bushels each. The largest per acre was by H. Augusten Scales, 33 bushels from 1 1-8 acres. This wheat crop, it must be remembered, is in addition to their general crop of tobacco, cotton, corn, etc., and altogether Farmer Speas is so satisfied with the success of himself and others of his race that he writes to the Republican:

"This shows that the colored farmers of Old Richmond township, Forsyth county, are devoting their time trying to imurove and cultivate their soil. They also have about 21 young men from 12 to 21 years of age who are working on farms in this township. Only two, we can say, have gone to town or public work. We kindly thank our good white people for their effort in giving us two good schools to train and cultivate our young race."

Those colored farmers simply are taking advantage of the opportunities which North Carolina offers to every man who is disposed to help himself and get up in the world. The percentage of negroes in Farmer Speas' neighborhood who lit out for town are very small and it would be a good guess that they have not succeeded like the men who stuck to the country, own their own farms and have plenty to eat. The Republican, in publishing the colored farmer's letter, says:

"Elsewhere in this issue is printed a communication from a colored farmer in this county, which is food for thought in solving the race problem. According to this letter the colored people of Old Richmond township, this county, are making a success at farming and also by so doing they escape the temptations surrounding those in towns and cities as well as the congested habitations and all what that signifies in a moral sense. Just why negroes cling to town and city life is passing strange. The example of those who are farming in Old Richmond township, Forsyth county, is worthy of emulation and which others of their race should not be slow to follow."

There are some well to do colored farmers in eastern North Carolina and we wouldn't be surprised if they couldn't furnish some facts that would be surprising to colored folks and white folks as well.

CURRENT COMMENT.

The Daily News respectfully suggests to Editor Norwood, of the Western Enterprise, that he investigate for himself the reports published by him this week showing that Stanly, Davie and Surry county conventions had instructed for Mr. Morehead. The Daily News knows Mr. Norwood too well to believe that he would knowingly publish a statement which is not true. We have taken the pains to get accurate information and have ascertained definitely that these counties did not instruct. The Morehad-Butler press bureau at Morehead City, under the direction of Mr. Butler, is claiming a large share of the earth. In another column will be found a statement as to the county of Forsyth. If Brother Norwood is relying solely upon Mr. Butler's press bureau at Morehead City, the chances are he will have to revise his figures.—Greensboro News (Rep.).

Some time ago we submitted a few remarks in a short paragraph about what a good thing it would be to have a splendid highway from Charlotte to Wilmington, like the highway from Charlotte to the mountains, and we are glad to note that the Rockingham Post, the Charlotte Observer, the Laurinburg Exchange, the Wilmington Star and Dispatch, and perhaps other papers are now agitating the matter with a vigor that seems to promise the accomplishment of that much-to-be desired consummation. We understand that with the exception of a few stretches, the roads between Lumberton and Charlotte are passably good for auto travel, and from Lumberton to Wilmington the cost of putting the roads in good shape would not be anything like so great as in the western portion of the State. By all means let us have the highway from Wilmington to Charlotte.—Lumberton Robesonian.

The Wilmington Star complains, and quite justly, of the exaggerated reports that have gone abroad in regard to the typhoid fever situation in that town. It says that in consequence of these reports, many people are afraid to go to the beach. This is all nonsense. Here are the rumors and the facts, as stated by The Star: "The statement was frequently made on the streets by one and another, without the slightest inquiry of knowledge of the facts, that there were from 200 to 300 cases of typhoid fever in the city, and these reports, exaggerated as they passed from one to another, soon had it that there were from 500 to 1,000 cases here. The recent official statement by Dr. Akerman, after a thorough canvass of the situation, that there have been only about 60 cases the past three months, did much to allay the apprehension in Wilmington, but the rumors continued to fly, and they are now, it appears, bearing fruit that is likely to be quite distasteful. When it is considered that Wilmington is a city of from 30,000 to 35,000 inhabitants, this is not considered a high average." We doubt if there is any more fever "per capita" in Wilmington than there is in any other city in the country. The fact is that typhoid is a summer problem the country over. The mountains are no more immune than the seashore. We are glad to give publicity to The Star's statement of the real conditions in Wilmington.—Charlotte Chronicle.

The Progressive Farmer is trying to encourage the farmers of the South to furnish their homes with water and lights. Some progress has already been made among the farmers along this line. A few, here and there, have put up tanks, installed a water system in their homes and put gasoline engines to work pumping the water. Some have, with this same engine attached to a dynamo, supplied their homes with electric lights. Come to think about the matter, it is surprising that this should not be the general rule. To discuss the question from the standpoint of the average farmer of Scotland county, there is no reason under the sun why practically all farm homes should be without these two great comforts and conveniences. The cost is not so great, nothing like, in fact, what you might think without looking into the matter. From $300 to $500 should be sufficient to furnish the average country home with a complete water system, and $1,000 would give both water and lights, while $1,200 would pay for everything that could be desired in both a water and electric light plant for the home. This last estimate takes into consideration the use of the storage batteries for lights, for running fans during the day or night, heating the irons on ironing day, and such other little things which would add greatly to the comforts of country life and go a long way toward relieving it of many of its drawbacks and drudgeries. By the use of the storage battery, while the water is being pumped the batteries are being stored, and there is no need to keep the engine running at night. Our farmers are now able to, have about what they want, be it automobile or what not, but water and light for the home is of first importance. The Exchange will rejoice to see the farmers of this county act upon this suggestion.—Laurinburg Exchange.

SOLDIER BOYS OFF TO CAMP

Members of Coast Artillery Corps, N. C. N. G., Mobilized Here and Left in Afternoon for Fort Caswell.

Mobilizing in Wilmington the five companies composing the Coast Artillery Corps of the North Carolina National Guard left here on government boats yesterday afternoon at 1:30 o'clock for Fort Caswell, where they go in camp for ten days, under the command of Major Max L. Barker, of Salisbury. The soldier boys reached the fort yesterday afternoon and went into camp immediately.

The companies composing the corps are Newbern, the first to arrive, Charlotte, Greensboro and Salisbury and the Wilmington Light Infantry. Members of the W. L. I. met at their armory, on Market street, at 12.30 o'clock and at 1:30 o'clock formed a line and marched to the wharf where they took the government boat Madeleine for the fort. The other companies left at the same time. The regulars at Fort Caswell have abandoned their quarters and will camp out with the State troops during their ten days stay at the fort. The maneuvers will be participated in by the regulars as well as the State troops and the several features arranged are looked forward to with interest.

Relative to the departure for the encampment of the Charlotte boys yesterday's Charlotte Observer had the following:

"On the Seaboard this mornig at 4:50 o'clock, the fifth company, coast artillery corps, North Carolina National Guard, left under the command of Capt. W. M. Robey for Fort Caswell. The company is 65 men strong and every man is in excellent condition for the maneuvers, which last 10 days. This company was recently transformed from a field artillery to a coast artillery corps and is now the fifth company in North Carolina. The change necessitated the mastery of new military tactics and Captain Robey has been training his men every night for some time. They take an interest in their work and will no doubt make a very favorable impression at the maneuvers. Dr Charles B. Ross is first lieutenant and Mr. John R. Neal is second lieutenant. Companies from Newbern, Salisbury, Greensboro and Wilmington will also report at Fort Caswell today. The Charlotte company will spend part of its time working on the eight-inch guns and the last two days will be devoted to target practice.

"The train carrying the soldiers is expected to reach Wilmington at 1 o'clock today and there they take a government boat down the river a distance of 30 miles to the fort. An advance guard left here yesterday morning to make preliminary arrangements and prepare supper for them tonight.

"The Charlotte boys have been on the keen edge of anticipation for several days. They were much in evidence on the streets last night up to and after midnight, in their khaki uniforms and evidently many of them did not secure their normal sleep. But they'll have time for that on the way down."

MR. R. G. STOKLEY WINNER.

Regular Weekly Shoot at Grounds Wilmington Gun Club.

The regular weekly trap shoot of the Wilmington Gun Club, on the grounds at Seventeenth and Castle streets yesterday afternoon, was attended by a large number of the devotees of the sport. Mr. R. G. Stokley was the winner, breaking 49 out of a possible 50. The other scores were as follows: Dr. F. H. Russell, 36; George Boylan, 43; L. Clayton Grant, 33; J. E. Taylor, 42; W. J. Bradshaw, 34; George W. Penny, 39; Dr. J. H. Dreher, 41; Dr. John C. Wessell, 38; D. L. T. Capps, 38. It was expected that a representative of the DuPont Powder Works would be present, but his visit was unavoidably delayed for a week. He will be on the grounds next Friday, it is expected. Interest in the sport is on the increase, and new members of the club are constantly being received. Two new members were admitted yesterday afternoon.

SIR LUKE O'CONNOR.

London Illustrated Publication Has Account of Celebration.

Mr. R. N. Sweet, of this city, has received from Major Daniel O'Connor, of Wilmington, who is visiting his brother, Sir Luke O'Connor, V. C., in England, a copy of the Daily Mirror, published in London, which contains on its front cover an excellent group photograph of a notable gathering of heroes in honor of the seventy-fifth birthday of Field Marshal Sir George White, the hero of Ladysmith. The group includes Sir Luke O'Connor and five other wearers of the Victorian Cross, who were guests of honor at the great celebration. Sir O'Connor, on a recent visit to Major O'Connor in Wilmington, made many friends here, one of whom was Mr. Sweet, who prizes the likeness of Sir O'Connor very much. Sir O'Connor's military rank is that of major general.

The Apaches Out of Cellar.

The Apaches came out of the cellar in the indoor baseball league in a game with Fillyaw's Seminoles at the Y. M. C. A. last night, the score being ten to eight, in favor of the former. This team has been greatly strengthened during the past week, and is preparing to surprise the other teams just as much as it surprised the Seminoles last night. The game was umpired by Mr. King, and Mr. Sheppard was the scorer.

THE REPUBLICAN PRIMARIES

Board of Canvassers Meet and Declare Result—D. D. Lennon Candidate for Senate and E. H. Freeman for Sheriff.

The board of canvassers for the Republican primaries held throughout the county Tuesday met Thursday and canvassed the returns, declaring D. D. Lennon and E. H. Freeman the nominees of the party for the office of State Senate and Sheriff, respectively, and declaring the delegates to the county convention to be held Monday next and also the members of the executive committee.

ACCIDENT TO SEMINOLE.

Dynamo Broke Down as Cutter Was Clearing for Home Port.

Advices received here are to the effect that the Seminole met with a slight accident that will cause a delay of possibly three weeks before she will be able to come to Wilmington. The dynamo that furnishes light for the cutter, it is reported, broke down as she was leaving Norfolk last Saturday, and she was forced to put back in port for repairs.

The general repairs were made to the Seminole at Norfolk, and she was hauled off of the railway, as previously stated, last Thursday. After the accident occurred the cutter proceeded to Warwick's shipyard at Newport News, where she will remain until she is in readiness to come to this port. Mr. George R. D'Orange, a petty officer on the cutter, arrived this week, and will remain here with his family until the cutter gets back in port.

TAR REACHES HIGH MARK.

Selling on Local Market Yesterday for $2.50 Per Barrel—Receipts.

On the local market yesterday tar reached the high water mark since January, 1907, selling for $2.50 per barrel. This is in keeping with the prices of other naval stores, which have advanced rapidly throughout the season, due, it is said, to the scarcity of the products.

Receipts on the local market have shown an increase this year, as compared with last season. For the first week of August, as compared with the same week last sason, the receipts of spirits, rosin and crude are as follows: Spirits, 372, against 118; rosin, 1,393, against 672; crude, 298, against 271.

TOWN CREEK IMPROVEMENTS.

To Vote on Road Bonds—Congressman Godwin to Speak Next Week.

The enterprising township of Town Creek, in Brunswick county, just over the river from Wilmington, will on Tuesday, August 16th, vote on the question of a bond issue of $15,000 for public road improvements. Much interest is already being manifested in the movement, and the people in that section have secured Congressman H. L. Godwin for four addrsses in the township in behalf of the bond issue. He will speak at Bolivia on Thursday, the 11th, at 12 noon; at Town Creek at noon on Friday, the 12th; at 4 p. m. at Mill Creek, and at 8 p. m. at Funston. The public is cordially invited to hear him on any or all of these occasions.

ATHLETIC EVENTS AT LUMINA

Large Crowd Will Go Down to Watch Amateurs Contest for Honors—Many Have Entered for Contests.

Hundreds of beach visitors and townspeople will probably witness the athletic events which will be pulled off in front of Lumina, Wrightsville Beach, this afternoon by well known amateurs of the city. The tournament has been arranged by the Tidewater Power Company conjointly with Mr. J. B. Huntington, of the Y. M. C. A., and Mr. Chas. Dushan, of the Boys' Brigade. It was learned last night that over 100 young men and boys have entered the contests.

The events will begin at 3 o'clock in the afternoon. In order to give all the contestants an even chance, the college men who have had special training will start from scratch and the others will be given a handicap in the 100 yard dash and the relay race. The other features of the programme have been previously announced.

Mr. Chas. N. Evans, president of the Southern National Bank, will act as referee and Mr. J. B. Huntington, general secretary of the Y. M. C. A., will have control of the course. Secretary Dushan, of the Boys' Brigade, will act as clerk of the course; Mr. L. D. Latta as starter; Mr. F. C. Duls, as scorer, and Col. John VanB. Metts, Messrs. B. O. Stone and H. G. Foard as judges. The races will start promptly at 3 o'clock.

THE RECORDER'S COURT.

A Rather Lengthy Session Held Yesterday—Several Cases.

Recorder John J. Furlong presided over yesterday's session of the Recorder's court, which was rather lengthy and somewhat interesting. Willie Jones, colored, picked up by officers Thursday night, was convicted of the charge of vagrancy and sentenced to 30 days on the county roads.

Sarah J. Russ, colored, proprietor of the Sun Side Restaurant, No. 11 Market street, where a shooting affair occurred last Saturday afternoon, was called to answer the charge of keeping a disorderly house. She was represented by the firm of Bellamy & Bellamy and Brooke G. Empie, Esq., while City Attorney McClammy appeared for the prosecution. The Recorder reserved his decision until this morning.

Nathan Stevens, a young white man, of Laurinburg, was arraigned on the charge of carrying concealed weapons. He was one of the party of excursionists who came down Thursday. The offense is alleged to have been committed at Wrightsville Beach, and the warrant was served yesterday morning by Constable Savage. The young man was first arrested Thursday afternoon on the charge of drunkenness, and the other charge developed later. He was found guilty and fined $50 and costs. It is understood that the amount will be paid by friends in Laurinburg. Thomas D. Mears, Jr., Esq., represented the young man. Later in the afternoon it was stated that another warrant, charging nuisance, was issued, and the hearing will be this morning.

Archie Barber, a white man, also of Laurinburg, who raised a disturbance in the office of the Springer Coal Company while in an intoxicated condition Thursday evening, receiving a severe blow on the head, was charged with disorderly conduct. He was fined $10 and costs, which had not been paid yesterday afternoon.

BRAVE SOLDIER HONORED.

Certificate of Merit for Service in Saving Companions.

Washington, Aug. 5.—The honor roll of the American Army records few deeds of valor that can overshadow one for which Major General Leonard Wood, chief of staff, today gave a certificate of merit to Private Lester Hanson, of the Fourth Company Prison Guard, at the United States military prison at Alcatraz, Cal.

Hanson and five companions went sailing July 24th in the bay off Alcatraz. Their boat capsized and the men had practically no support to which they could cling. Two of the men were soon exhausted and sank. A third devoted his efforts to saving himself, but Hanson devoted his attention to the remaining two, who were fast becoming exhausted.

The record says that for more than an hour, as the frantic men fought for a hold on the overturned vessel, the wind and tide would carry them away helpless. All that time Hanson repeatedly swam to their assistance buoyed them up and got them back to the craft again. Finally, when Privates Nash and Bates became unconscious from exhaustion and cold, Hanson supported their limp bodies in the water until his signals to the steamer Coaling were seen and the men were rescued. Nash afterward died of hardships, and Bates was very ill.

TO RECOVER THE COSTS.

Property Sold Under Execution May be Sold Again by Sheriff.

Some weeks ago 21 acres of land on the W. & W. railroad, east of the lands of R. Gordon, belonging to D. K. Futch, were sold at the Court House door under execution obtained by Smith & Gilchrist to satisfy a judgment. The property was bid in by A. J. Marshall, Esq., as counsel for Hannah T. Futch, but it is claimed that the money has never been paid over nor has the costs in the action been paid, but, it is understood, that the amount of the judgment has been paid to Smith & Gilchrist. Yesterday Thos. W. Davis, Esq., as attorney for Sheriff S. P. Cowan, caused to be served notices on Hannah T. Futch and her attorney, Mr. Marshall, to the effect that at the next term of court a motion would be made for an order instructing the sheriff to sell the property to the highest bidder, out of which the costs in the former as well as the present action will be paid. Owing to the fact that Sheriff Cowan was involved in the case the papers were served by Dr. C. D. Bell, the coroner.

SOME FINE COTTON.

Fifty-Five Acres of Fine Crop on Chadwick East Wilmington Farm.

One of the finest farms in this section of the State is that of Mr. D. N. Chadwick, in East Wilmington. The Star was shown yesterday a boll of fine cotton plucked from a 55 acre tract planted to the staple this year and which now averages five feet in height and from which Mr. D. N. Chadwick, Jr., confidently expects to gather two bales to the acre this Fall. Cotton has recently been grown as an experiment with truck crops in New Hanover and the experiment has been highly successful. The Chadwick farm has long been considered one of the finest trucking plants in this section of the State and it has now been demonstrated that it will grow the staple crops just as well.

OPEN AIR MEETING SUNDAY.

Big Gathering Will Be Held at Mr. Crownstream's, on A. & Y.

Rev. William E. Cowan, of Watcher, N. C., will hold an open air meeting at Mr. Crownstream's, ten miles above Wilmington, in Pender county, Sunday, and it is expected that a number of Wilmingtonians will attend. Mr. Crownstream has secured from the Coast Line a promise to stop the A. & Y. train at his place Sunday morning for the accommodation of those who care to attend from this city. The train will also stop there on the return trip late in the afternoon, arriving here at 8:05 p. m. The fare for the round trip will be only 50 cents. Dinner will be served in the grove, and ample provisions have been made for all who attend.

ADDITION TO STORE.

Four Rooms Will Be Added to Building of Mr. J. A. Taylor.

A permit has been issued by Building Inspector H. E. Bonitz for the erection of a two-story, four-room addition to the store building of Mr. J. A. Taylor, between Chestnut and Grace streets, the increased room being necessary to take care of the increasing wholesale grocery business of Mr. Taylor. The contract for the erection of the addition has been let to Mr. R. H. Brady, the well-known contractor. It is estimated that the addition will cost $3.700 and it is understood that work will be commenced at once.

Woman Took Poison.

A young woman, a denizen of the underworld, was taken to the James Walker Memorial Hospital Thursday night about 10 o'clock, suffering from the effects of poison, taken, she stated to the attending physicians, with suicidal intent. She stated that, in a fit of melancholy, she swallowed several tablets of bichloride of mercury. At first her condition was regarded as extremely serious, but it was stated last night that she would recover. The only name given at the hospital is "Annie," and she lived in a house on Chestnut near Twelfth street. It is not known whether or not she will be prosecuted for attempted suicide should she recover. To attempt suicide is a misdemeanor in this State.

Funeral of Mr. L. W. Bolton.

The funeral of Mr. L. W. Bolton, mention of whose death was made in yesterday's Star, was held from Northeast Church at Castle Haynes yesterday afternoon in the presence of a large assemblage of relatives and friends. The interment was in the graveyard there. The pallbearers were: Honorary, Messrs. T. A. Watson, Samuel Blossom and J. A. Westbrook; active, Messrs. J. W. Winders, J. R. Hardee, W. G. Baldwin, W. T. Simpson, W. S. Cooper and Wm. Balcum.

—Among the guests at The Orton yesterday were: Mr. and Mrs. W. P. Wallis, Americus, Ga.; Mr. and Mrs. C. R. Byburn, Atlanta, Ga.; W. E. Jackson, Lumberton; L. L. Shaw, Lumber Bridge; J. E. Johnson, Charlotte; W. C. Lumpkin, Columbia, S. C.; Mr. and Mrs. Geo. L. Peterson and F. A. Royal, Clinton; Geo. V. Patterson, King's Mountain; W. B. West, Columbia, S. C.; Col. H. H. Ludlow, Fort Caswell, commanding Coast Artillery, U. S. A.; Col. T. A. Lyon, Fayetteville.

VISIT BOYS IN CAMP.

Steamer Wilmington Will Make Two Trips on Sunday—Schedule.

A fine opportunity for all friends and the public in general to visit the Coast Artillery Reserves in camp at Fort Caswell will be afforded by Capt. John W. Harper, of the steamer Wilmington tomorrow. The boys in camp include not only the Wilmington Light Infantry, but many Reserves from the up-country, and a trip to the garrison will be especially interesting. The steamer will leave the city at 9:15 a.m. and 2:30 p.m., and the fare to the fort will be only 50 cents for the round trip; to Southport and Carolina Beach and return, only 25 cents. This will be one of the finest excursions of the year, and it is expected that both trips of the steamer will be well patronized.

ONLY ONE "BEST"

Wilmington People Give Credit Where Credit is Due.

People of Wilmington who suffer with sick kidneys and bad backs want a kidney remedy that can be depended upon. The best is Doan's Kidney Pills, a medicine for the kidneys only, made from pure roots and herbs, and the only one that is backed by cures in Wilmington. Here's Wilmington testimony:

Miss Maggie Rivenbark, 105 Dock street, Wilmington, N. C., says: "I found great benefit through the use of Doan's Kidney Pills, procured at R. R. Bellamy's drug store. I suffered from constant, dull pains in my back, and some days I could hardly get about. My kidneys were weak, and I was caused much annoyance. I tried several remedies, but nothing gave me relief until Doan's Kidney Pills were used. They proved to be just what I required, and in a short time cured me so completely that my trouble has never returned."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

NOTES FROM DUPLIN.

Veterans' Reunion—Interest in Education.

(Special Star Correspondence.)

Magnolia, N. C., Aug. 5.—The Wm. J. Houston Camp, Confederate Veterans held its annual reunion at Kenansville yesterday, Fully 3,000 persons were present. Addresses were made by Judge O. H. Allen, Rev. Dr. A. D. Betts, and Hon. Rivers D. Johnson, candidate for the State Senate from this district. A bountiful dinner was spread by the Daughters of the Confederacy, to which the several hundred "old Vets" did justice. Many pleasant associations and friendships were renewed, and the day passed off very pleasantly. Not an unpleasant incident nor an intoxicated person was noted by your correspondent, during the entire day.

The Daughters hope to have the monument which they will erect, ready for unveiling at the reunion next year, and it has also been proposed to make next year's meeting a notable one, by having a "Homecoming" on that date.

In the afternoon an Educational Rally was held on the Court House grounds, which was addressed by Hon. S. R. Blanton, a former Duplin boy, Mrs. C. L. Stevens, of Newbern, and Prof. Shaw, of Teacheys. Prof. Shaw and Mrs. Stevens have been conducting a Teachers' Institute for the past two weeks, which has been well attended, and from which much good will result. We are glad that Old Duplin is waking up to her needs along educational lines, and that the present Board of Education, composed of L. A. Beasley, chairman, and M. F. Westbrook and W. R. Newbury, is alive to the need of better paid teachers, better school houses and longer terms. That the people mean business is shown by the fact that new special tax districts are being voted and new modern houses built. Upper Island Creek recently voted a special tax, and a modern $1,500 house is to be built at once, about six miles east of Rose Hill.

Of course the day would not be complete without a game of ball, and Magnolia and Friendship crossed bats on the Kenansville diamond, the score being 10 to 8 in favor of Magnolia.

Crop prospects are very encouraging in nearly all Duplin. Cotton has "come out" wonderfully the past month, a large part of the tobacco crop is cured, good corn crops assured, the bulb crop an average, and lots of hogs. With our people selling large quantities of home made bacon, corn, fruits and vegetables, we feel that we have one of the best counties in the State.

POWELL'S SON SHOT.

Revolver Turned on Himself in Durham Near Beer Saloon.

(Special Star Telegram.)

Durham, N. C., Aug. 5. — Aquilla Powell, of Scotand Neck, a son of E. E. Powell, in the State's prison for killing Chief of Police Dunn, shot himself this afteroon in the side with a revolver in Belvin's near-beer saloon. He had been here several days, where he formerly worked, on a spree, and will likely die.

Durham, N. C., Aug. 5.—"I have just seven minutes to live," a well dressed man wrote in a saloon here today, and before t he time expired shot himself twice. He was hurried to a hospital, where physicians tonight say he is dying. The man is said to be Aquila Powell, a son of E. E. Powell, of Scotland Neck, who recently was convicted of the murder of Chief of Police Dunn and the wounding of State Senator Edward Travis and Paul Kitchin, a brother of the Governor. It is believed that worry over his father's position prompted the young man to attempt to take his life.

It was learned that the young fellow has been here several days. At the time of his father's trouble, he was working here for the American Tobacco Company, and he was warned from Scotland Neck not to come back. He did go later, however, and had not been back here since. It is recalled that he is supposed to have been the cause of the awful Scotland Neck trouble. He engaged in a cutting affair that caused his father to write Senator Travis the letter which caused the homicide. Since that time Aquilla Powell appears to have been a wanderer, and he was not at work anywhere. Opinion differs as to his condition prior to the shooting. Some of these are to the effect that he had been on a debauch, and was coming from under its demoralizing effects. Others that he had brooded over his misspent life. He had been heard to lament that he had caused his father's insane murder, his sister's trouble, and his own banishment from his old home.

VIRGINIA WOMAN KILLS SELF.

Verdict of Coroner's Jury in the Case of Mrs. Armhoffer.

Norfolk, Va., Aug. 5.—Death from an overdose of bromidia, administered by her own hands, was the verdict today of a coroner's jury that investigated the finding last night of the lifeless body of Mrs. Charles M. Armhoffer, formerly Miss May Kidd, of Danville, Va., in her home here. The husband, who testified that he first met the girl in Norfolk, July 4th, and married her in Baltimore, July 14th, thinks his wife took the drug to relieve pain.

The body was taken to Danville tonight for burial. It was accompanied by the husband and W. M. Snead, of Danville, a relative of the dead girl, who arrived today.

THE ALLISON CASE.

Will Probably Get to Jury at Asheville This Afternoon.

(Special Star Telegram.)

Asheville, N. C., Aug. 5.—Taking of evidence in the case of State against J. B. Alison, charged with murder in the first degree, of Floyd McGee, closed today and argument was begun. The case will reach the jury by noon tomorrow. The State believes it will get a first degree verdict. Allison was a witness in his own behalf, and made a poor showing trying to justify the killing.

He weakened considerably at times, swore this was the third man he had killed, escaping by self defense pleas. His only claim of defense was that he testified McGee had threatened him and that he thought McGee was going to kill him. The murder occurred July 5th.

CENSUS OF PORTO RICO.

Population is 1,118,012, as Shown by Complete Returns.

Washington, Aug. 5.—The population of the Island of Porto Rico is 1,118,012, as shown by the complete returns of the recent census. This is a gain of 164,769, or 17.3 per cent, as compared with the census of 1899. San Juan is shown to be the largest town in the island, its population being 48,716. Ponce comes next, with 35,027. San Juan made a gain in the 11 years of 16,668, or 52 per cent, and Ponce a gain of 7,075, or slightly over 25 per cent.

GANS GETS BACK HOME.

Dying Pugilist Reached Baltimore From Far West Yesterday.

Baltimore, Md., Aug. 5.—Joe Gans, former champion lightweight pugilist, returned to his home here this afternoon in the last stages of consumption, from Prescott, Ariz., where he went several months ago, in the hope of regaining his shattered health. He rallied somewhat after leaving Pittsburg this morning, and withstood the fatigue of the long trip from that city fairly well.

NO TRIAL WARDLAW SISTERS.

Murder Case Again Postponed on Account Illness of Prosecuter.

Newark, N. J., Aug. 5.—The illness of Prosecutor Mott, of Essex county, has necessitated a postponement of the trial of the three Wardlaw sisters, accused of having caused the death of Ocey W. M. Sneed, the East Orange bath tub victim which was set for August 29th. It was announced today that September 12th had been set for the beginning of the trial.

LOCAL DOTS.

—Services will be held at Immanuel Presbyterian Church tomorrow at usual hours, 11 A. M. and 8 P. M., conducted by the pastor, Rev. J. S. Crowley.

—Constable W. B. Savage and Mr. J. W. Fleet spent Thursday at Scott's Hill on a fishing expedition. They hooked 60 of the finny tribe. Except for a little "sea" sickness they report a most pleasant outing.

—There was an excursion to the city and beaches yesterday from Raleigh and intermediate points, but brought a comparatively small number of people, probably less than 100. They spent the day at the beaches and in the city and returned last night.

—Mr. A. P. Southerland, one of the special health officers, had a hard chill while on duty yesterday morning and went to his home in the northern part of the city. It is not thought that his condition is serious and it is expected that he will be out in a day or two.

—"Out of the Past," a beautiful drama of love's young dream in old age, or love deferred coming into its own, and "The Trimming of Paradise Gulch," the scenes of which are laid in the West, are the titles of the feature pictures that will be shown at the Bijou theatre today.

—E. Ebenhart, a white man, who conducts a near-beer saloon on Market, between Front and Water streets, was arrested yesterday afternoon on a warrant charging him with violating the near-beer ordinance in that the view from the street was obstructed. He gave bond for his appearance at trial this morning.

—The usual number of week-end guests arrived yesterday and went direct to Wrightsville Beach, where they are comfortably quartered at Seashore and Tarrymoore Hotels and the boarding houses. The bulk of the crowd arriving yesterday came from Georgia and South Carolina. Many others are expected to arrive today.

—Application has been made for the admission to the State hospital at Goldsboro of Mary Dill, colored, recently adjudged insane by the Clerk of Superior Court. The woman, it is said, was sent to the institution at Goldsboro about a year ago and her condition improved so much that she was released a few months later.

—Deeds were filed for record yesterday as follows: L. J. Pepper and wife, et al., to J. W. Brooks, for $6,550, lot on southwest corner of Water and Dock streets, being 66x66 feet in size. The transfer of this property was noted some time ago. R. B. Moore and wife to J. W. Brooks, for $300, lot on northeast corner of Fourth and Wright streets, 33x66 feet in size.

BLOODY BATTLE IN STREET.

Man Runs Amuck, Shoots Three, and is Then Killed.

Shelby, Ohio, Aug. 5.—After a brief but bloody running battle, in which three men were wounded, Harley May, aged 23, was shot to death by Patrolman Jacob Gates late today.

May, who was a hostler, started the trouble in a Main street saloon by shooting at the bartender. He missed the bartender, but shot George Cline, a farmer, through the upper portion of his chest.

Going into the street, May calmly reloaded his revolver and shot Policeman W. G. Shaw through the breast, inflicting a possibly fatal hurt. The youth then fled down Main street and took refuge in a private residence, where a posse led by Patrolman Gates found him.

May fired first, slightly wounding Gates, but the latter, on his first shot, pierced the young man's jugular vein with a bullet, and the lad, clutching his revolver, sank dying to the doorstep and expired before he could be removed.

Cline, the first man wounded, will probably never recover, but Patrolman Shaw's condition is extremely serious.

SEVEN LOST LIVES.

Five Men and Two Women Suffocated in New York.

New York, Aug. 5.—Seven lives were lost early today in a fire which destroyed a lodging house in the foreign section of Jamaica, Long Island. The blaze started in a hallway, the only exit, and spread so rapidly that few of the inmates had an opportunity to escape.

The lodging house was occupied for the most part by poor workmen employed in the neighborhood. The owner, George Dunbeck, occupied apartments with his family on the ground floor. He and his household escaped safely in their night clothes by climbing through windows to the street.

The dead, five men and two women, were all foreigners. They were asleep at the time, and were all suffocated by smoke as they lay in their beds.

The blaze was small and a single company of firemen with one line of hose extinguished it within a few minutes of their arrival. The property loss was not over $1,500.

CURES PIMPLES EASY.

Simple Remedy That Clears Skin Quickly of All Eruptions.

For several weeks past J. Hicks Bunting Co. have done the biggest business it ever had in any one article in selling Hokara, the skin food that has won so many friends in Wilmington.

It has been found to be an absolute cure not only for all minor skin troubles, such as pimples, blackheads, herpes, ache, scaly scalp, complexion blemishes, itching feet, piles, etc., but for the worst sores, ulcers, or even chronic eczema and salt rheum. There has yet to be found any form of wound on disease affecting the skin or mucous membrane that Hokara does not heal, and its action is so instantaneous that those who try it are simply delighted with it right from the start.

In spite of its unusual curative powers, the price is trifling. To convince every one of its merits, they will sell a liberal-sized jar for 25 cents. And remember that if you do not think it does what it claims, you get your money back. You certainly can afford to try it on this plan.

If the skin trouble is caused by impure blood or if the bowels are inactive, use Hokara Blood Tablets. They cool and cleanse the blood and regulate the bowels in a natural way.

ness dealings, Hamon said several years ago at Lawton, Okla., when the Government decided to sell at public auction some lands belonging to the Indians, he, Senator Gore and others entered into a combination not to bid against each other so that the property might be obtained cheaper.

"All of them secured some of the land," he said.

Chairman Burke—Don't you know there is a Federal statue against a combination to prevent competitive bidding?

Hamon—I did not know of that law then, but I have since thought of it. It was just a desire on the part of all of us to get the land as cheaply as possible. It was understood among us that we would not bid against each other.

Congressman Miller—You know that the proceeds from that sale were to go to the Indians; do you think that was honorable toward the Indians?

Hamon—We did not look at it that way. In fact we don't do things out West just in the same way you do in the East.

In some of his business transactions with Senator Gore, Hamon testified, money loans were involved.

"Just before Congress adjourned," said Hamon, "the Senator came to me and said that he had to pay $6,000 which he said he owed to Senator Owen. He said he had $1,000 of the cash and wanted me to raise the other $5,000 for him from a client of mine."

More evidence from Senator Gore probably will be heard. The Senator announced he intended to accompany the committee to McAlister, where sessions will be held Monday. Senator Curtis and Congressman McGuire will probably testify tomorrow.

PENDER TEACHERS' INSTITUTE.

Grand Rally of Educational Forces Yesterday—Prof. Wright.

(Special Star Correspondence.)

Burgaw, N. C., Aug. 5.—An invitation having been sent out quite a number of the school committeemen and teachers of Pender were gathered in the Court House today to hear some of North Carolina's most distinguished educators. Prof. R. H. Wright, of the East Carolina Teachers' Training School, was introduced by County Superintendent. T. T. Murphy and made the opening address. His theme was the Trained Teacher and he emphasized the fact that people were "keeping school" who had no special preparation for the work, just as a few years since people pretended to doctor who had never taken a course in medicine. The results were the proscription of the quack and his methods. Nowadays school teaching is no longer a trade or avocation but a profession that demands as careful study and preparation as any of the other professions. Education deals not only with the physical but with the moral, the spiritual and the mental well-being of growing and developing young life. To be trained teachers there are several essentials: First, a thorough knowledge of the subject matter; the teacher must know the subject. Thus the child is led on and upward. When we take into consideration the many other advantages that come to individuals from proper guidance at this tender age, latent ambitions are kindled, new zeal is instilled, the standard of living is raised and human civilization is advanced in no small measure by the conscientious, consecrated, intelligent teachers.

The trained teacher is indeed the promoter of our industries, the safeguard of our liberties and the custodian of our civilization. May the time come when only the well-trained be allowed to practice this profession. Ladies and gentlemen, it will pay you to invest in longer school terms and well-trained teachers.

Prof. Noble, of the University of North Carolina, next spoke. He has the happy faculty of having plenty of common sense to go with his learning. He held his audience in rapt attention for one hour. Rev. Chas. M. Lance and C. E. McCulloch made happy hits and afterwards a fine dinner was spread on the campus enough and to spare for the large crowd present.

The "bargain hunter" is no longer the woman who merely haunts the stores. She is the woman who watches the ads and goes to the stores strictly on business.

POLO PLAYER MAY DIE.

Collided With Another Player and Was Seriously Hurt.

Narragansett Pier, R. I., Aug. 5.—During a practice match on the local polo grounds today, J. Butler Marshall, of Virginia, a member of the Fauquier County Polo Team, collided with another player and was so seriously injured that he may not live. Marshall landed heavily on the ground with his pony on top of him. He was taken from the field senseless, and four hours later he had not regained consciousness. A New York specialist has been summoned.

How to Own The Oliver Typewriter For 17c a Day

You don't have to draw on your Bank Account when you pay on the Penny Plan.

You need not disturb your Dollrs. Keep them at work earning interest!

We offer our newest model, the Oliver Typewriter No. 5—fresh from the factory—for Seventeen Cents a Day.

The plan is printed in "black and white" on the Application Blank below.

Simply fill out the blank, attach the small first payment, send it in, and on comes the Oliver!

No tedious wait! No red tape! No long-drawn-out correspondence!

You quickly own your Oliver and scarcely notice the outlay. You can have the use of your machine while pennies are "paying the freight."

You will never have a better chance to test the power of pennies.

The Oliver is everywhere!

It's the universal typewriter. Reels off real work with the ease and speed demanded by this mile-a-minute age. Wherever you turn—in Business in Offices, great or small—in the quiet of the Home—in the roar of the Railroad and Telegraph service—in the seething maelstrom of modern Newspaperdom—in countless kinds of service—it's the sturdy, strenuous Oliver that's "making the wheels go round."

The OLIVER Typewriter
The Standard Visible Writer.

You need your Oliver now. It's yours almost for the asking. The biggest hundred dollars' worth in America—for Seventeen Cents a Day!

Send along the Application Blank, with a small first payment of $15 as an evidence of good faith.

Your check is good—or send draft, postoffice of express money order.

FURTHER DECLINE IN COTTON

In New Crop Positions Caused by Reports of Rain in Texas—Aggressive Selling by Bears on Market—No Outside Demand.

New York, Aug. 5.—A further selling movement in the cotton market today, based on renewed reports of rain in Texas, resulted in a loss of 11 to 19 points in new crop positions and some aggressive selling by room bears. The undertone continued heavy until the early afternoon, when the trade became impressed with the idea htat rain news had been exaggerated for market purposes, and a covering movement began which carried prices up 4 to 7 points above the lowest day.

The outside demand, however, was almost completely checked by the talk of a break in the Texas drouth, while the buying of trade interests, while fairly active at the decline, was by no means so large as on previous days this week. The strongest point in the local market was August, which advanced 26 points over the previous night on active covering by shorts who had been disappointed in buying cotton in the South. It was found that the big purchases for May and July delivery had swept the South almost bare of cotton, and shorts were therefore forced to cover in the open market.

The market opened steady, with August 1 point lower and other months 9 to 12 points lower, and after a brief rally of a few points, continued its downward course, reaching the lowest figures in the late afternoon, when bears made a determined effort to force stop loss selling. Just before the close, however, new buying developed on reports that 200,000 pieces of cloth had been sold at firm prices in Fall River, with demand excellent and buyers inclined to advance bids. Prices rallied and the close was steady, with August 20 points higher and other months 2 to 16 points net lower.

Receipts of cotton at the ports today 1,142 bales, against 1,622 last week and 1,397 last year. For the week 10,000 bales, against 10,780 last wek and 10,257 last year. Today's receipts at New Orleans, 306 bales, against 757 last year, and at Houston 442 bales, against 32 last year.

Spot cotton closed quiet, 15 points higher; middling uplands, 15.60; middling gulf, 15.85; sales, 2,915 bales.

Cotton futures opened steady and closed steady.

The Best Hour of Life.

is when you do some great deed or discover some wonderful fact. This hour came to J. R. Pitt, of Rocky Mt., N. C., when he was suffering intensely, as he says, "from the worst cold I ever had. I then proved to my great satisfaction, what a wonderful cold and cough cure Dr. King's New Discovery is. For after taking one bottle, I was entirely cured. I can't say anything too good of a medicine like that." It's the surest and best remedy for diseased lungs, hemorrhages, lagrippe, asthma, hay fever, any throat or lung trouble 50c, $1.00. Trial bottle free. Guaranteed by Robt. R. Bellamy.

COTTON CABLES POOR.

Hubbard Bros.' & Co.'s Review of the Market Yesterday—Tendency Lower.

(Special Star Telegram.)

New York, Aug. 5.—Cables were poorer than expected, and the opening was weak on active trading and the uncertainty as to the adequacy of moisture in Texas, where a half dozen points report rain. The temperature there is more seasonable. Bull support was lessened today and the tendency is lower, with a possibly exaggerated stress upon the Texas situation, and as pressure is frequent the market yields readily. The Gulf and Atlantic States report rains, but without speculative effort a narrow movement of prices is probable. Trade reports are conflicting.

MORE ACTIVITY IN STOCKS

Aggressive Mood on Part of Speculators on Market Yesterday—Buyers Believe Government Crop Report Will be Favorable.

New York, Aug. 5.—The stock market while still narrow and professional today reflected a more aggressive mood on the part of that element in the speculation. Their position was adhered to with more determination and was not changed until the end of the day. The attitude assumed by the professional traders was based on a conviction that a large short interest remained uncovered and was in a vulnerable position through the cessation of urgent liquidation.

It was not until the last half hour that an attempt to take profits demonstrated the hollowness of the market and wiped out he previous gains. News developments failed to show any marked alteration in conditions from those recently prevailing. Regarding the short crop there has been a marked decline of apprehension in view of the amount of damage done by the drouth.

Buyers of stocks today on the floor of the stock exchange professed the belief that the government crop report on Monday will prove to be favorable. Weather advices today showed good conditions both for corn and cotton and the bulls made use of the news to push the advance in stocks.

Another enormous accretion of cash to New York reserves is indicated by the preliminary estimates of the week's currency movement sub-treasury operations which include payments for imported gold, have supplied to the banks $6,697,000 while the inflow of cash from the interior will swell the aggregate to from $15,000,000 to $17,000,000. There have been rumors of further private settlements of stock market accounts during the week, which may affect the loan item but there is no expectation that the deposit item will be sufficiently expanded to prevent a large increase in the surplus reserve. The actual figure of the surplus in last Saturday's bank statement already stood at upwards of $47,000,000.

Bonds were firm. Total sales, par value $1,467,000. United States bonds were unchanged on call. Total sales stocks for the day 417,200 shares.

DUN'S OUTLOOK FOR TRADE.

Business Conditions Irregular—Trade Reports Optimistic.

New York, Aug. 5.—R. G. Dun & Co's. weekly review of trade tomorrow will say:

Business conditions are irregular and at some points unsatisfactory and yet, while falling short in volume and profits of that state of buoyancy that existed at the beginning of the year it is better han the superficial aspect of the leading markets makes it appear. Reports from the principal trade centers are in the main optimistic. One declares that belief in fair activity in the Fall is more general. Another reports considerable improvement, notably among jobbers of woolens and cottons. Another reports quite an active wholesale movement in dry goods. Pig iron production continues to diminish but the demand for steel products and particularly for wire, pipe and structural is large. Prices as a rule show a little change, but the tendency is still downward.

The low condition on cotton was one of the underlying causes for a further hardening of values in primary cotton goods and yarn markets. Curtailment of production has become drastic and is also influencing prices. The demand from printers, converters and manufacturing trades who must anticipate their wants, is better, but jobbers still buy conservatively.

New orders for footwear come in slowly, but New England plants are fairly well engaged and manufacturers have a considerable volume of reserve contracts on hand. The price question retards new business somewhat. The leather market is still a waiting one and business is restricted in most quarters.

VISIBLE SUPPLY OF COTTON.

Hester's Statement Shows Total of 1,796,062 Bales to Date.

New Orleans, Aug. 5. — Secretary Hester's statement of the world's visible supply of cotton issued today shows the total visible to be 1,796,062, against 1,195,580 last week and 2,285,-459 last year. Of this the total of American cotton is 951,062, against 1,022,580 last week and 1,729,459 last year, and of all other kinds, including Egypt, Brazil, India, etc., 845,000, against 893,000 last week and 556,000 last year.

Of the world's visible supply of cotton there is now afloat and held in Great Britain and Continental Europe 870,000, against 1,647,000 last year; in Egypt 53,000, against 57,000 last year; in India 531,000, against 263,000 last year, and in the United States 342,000, against 318,000 last year.

REVIEW OF COTTON FOR WEEK

Decided Irregularity in the Market Resulting in Losses—Buying Impulse Caused by Government Report—Conditions.

New York, Aug. 5.—After a week of decided irregularity, most of the cotton list shows losses ranging from 10 to 16 points. The exceptions to this are the August and September deliveries, the former having a net gain of about 43 points, and the latter a gain of about 16 points.

The fact that it is so thoroughly a "weak market," as far as the new crop deliveries are concerned, accounted, of course, for the great irregularity which prevailed throughout the week.

However, the bearish news prevailed in the end and the new crop futures are cheaper by something over half a dollar a bale. It is true that it has been hot and dry in the Southwest, especially in Texas, but in the Eastern part of the belt conditions have been more favorable, and daily reports alluded to improved crop conditions. The monthly government report furnished a buying impulse for a time, placing the condition at 75.5 against 80.7 in July, 71.9 a year ago, and a ten years' average of 79.4. From this it was inferred that the crop would be between 11,750,000 and 12,-000,000 bales. There were some, however, who predicted a crop of over 12,000,000 bales, because of the much larger acreage. The strength in August and September was based merely on speculative grounds. The local supply is decidedly small and is under strong control, and it is expected that the arrivals in the immediate future will be excedingly light.

Today August showed a net gain of about 20,000, after having been forced up from a low point of 13.34 to a high price of 15.67, under excited covering by three or four big shorts. The distant deliveries, however, lost from 2 to 16 points under aggressive hammering by room traders, who were encouraged partly by cooler weather and rains in Oklahoma and Texas. Moreover, there were good showers in the eastern belt, and good reports were received from the Carolinas. There are many who think that the bulls will be able to hold August up, but that because of the improvement in the eastern belt and the relief in parts of the Southwest, a still further break will shortly take place in the new crop futures. Still, one of the features was the god buying of October and December by brokers representing continental spinners and by Wall Street houses.

THE GRAIN MARKET.

Chicago, Aug. 5.—Great rains is alleged to have resulted from rains in France turned sentiment today in favor of traders who were fighting for higher buying. Buying of futures here and of cash grain at Duluth and Winnepeg was reported. The close was firm at a net advance of 1 3-8 to 1 5-8. A final gain of 3-8 to 5-8c was shown in corn and 3-8 to 1-2 to 5-8c in oats. Losses of 2 1-2 to 10 formed the outcome as to provisions.

W. M. McEachern Sole Beneficiary of Wealthy Uncle's Will.

(Special to Charlotte Observer.)

Savannah, Ga., Aug. 4.—A telegram from his father in Laurinburg, N. C., brought good news to W. M. McEachern in Savannah this morning, for the message was the first intimation that he had inherited property worth more than $200,000. McEachern's benefactor was his uncle, A. A. McEachern, of North Carolina, who died in Hot Springs, Ark., a little more than a month ago. All that McEachern knows about the matter is what was contained in his father's telegram which stated that the will had been found and that he, the son here, is practically the sole beneficiary under the instrument.

AFFAIRS AT THE CAPITAL.

Soldiers' Home — Sewing Machine Agents—Young Lacy to Return.

(Special Star Telegram.)

Raleigh, N. C., Aug. 5.—John M. Pool, of Wake county, is the oldest Confederate veteran in the North Carolina Soldiers' Home here. He is 99 years old, and remarkably spry. Captain Lineberry, the new superintendent of the home, says that his old veteran bantered him for a wrestle the first ime he met up with him after he took charge.

Captain iLneberry says of he home and the premises generally that the place is in fine condition throughout, the cottages in which the old veterans live very well kept, and he grounds characterized by rich lawn and tastefully distributed flowers. The place has 15 acres, including a highly cultivated garden that yields three and four crops each season. Many of the old soldiers thoroughly enjoy working in it.

State Treasurer Lacy says he is having a great deal of trouble about sewing machine licenses for North Carolina, under the regulations of the revenue act, in that wildcat companies are inducing merchants in the State to buy machines to sell without having any license, and making trouble for the merchants, the State treasurer and for themselves. The license is $450 for each manufacturer placing his machines in the State, and $1 for each agent selling the machines. He says he is determined to enforce the law in every instance, and he wants to make as litti trouble as possible for the merchants in the State who are being duped into this sort of transacion.

B. R. Lacy, Jr., son of State Treasurer Lacy, is expected home from abroad August 20. He has just completed his Rhodes scholarship course since his graduation there in June has been traveling on the continent.

FOR BETTER ROADS.

An Apeal to the Rural Letter Carriers of North Carolina.

Dear Brothers:—Do you know the heaviest tax we bear is "bad roads?" Some of you, a very few, have improved roads to travel and know the advantages to be derived therefrom. We address ourselves not only to you, but also to those who are each day plodding through mud or sand and over rocks and hills ,and ask that you send the small sum of $1 to Joseph Hyde Pratt, Secretary, Chapel Hill, N. C., and become a member of the North Carolina Good Roads Association. For this membership fee you will receive in return a year's subscription to Southern Good Roads, and can feel that you are contributing a small amount which will be used for the pubication of good road literature, to be distributed broadcast throughout the State. An impetus will be given to the good roads cause, and you will be both receiving and giving information which, if utilized, will in the end add greatly to the pleasure and hapiness of yourself, your neighbor, and the State.

The North Carolina Good Roads Association is not only sending out literature relating to good roads, but is assisting in the good roads work by sending men who have made a study of the existing conditions in the counties to make adresses at various meetings on the general subject of good roads.

Faithfully yours,
E. D. PEARSALL,
Vice President N. C. Rural Delivery Carriers' Association and a member of the N. C. Good Roads Association.

NAVAL RESERVES CRUISE.

Elfrida and Dupont Expected at Washington, N. C., Next Week.

(Special Star Correspondence.)

Washington, N. C., Aug. 5.—It is understood that the United States gunboat Elfrida and torpedo boat Dupont, manned by the officers of the North Carolina Naval Reserve, will visit Pamlico Beach and Washington some time during the coming week, and will remain in this port for several days. The two ships will bring something over a hundred officers and men. Captain Thomas Daniels, the senior naval reserve officer of the Guard, will be in command.

SEISMOGRAPH TREMORS.

Earthquake Occurs About 2,000 Miles Away From Washington.

Washington, Aug. 5.—Heavy earthquake shocks were recorded on the seismograph at Georgetown Universisty last night, lasting for a period of 47 minutes.

The shocks began at 8:45 p. m., and continued until 9:33. They consisted of two maximum shocks and a series of lesser disturbances.

Indications were that the center of the disturbance was about 2,000 miles from Washington.

MARION BUTLER "COMES BACK"

He and Morehead Capture Republican Organization—Their Plans as to Fifth District—Headquarters Morehead.

(Special to Charlotte Observer.)

Morehead City, Aug. 4.—That Congressman John M. Morehead will be the next chairman of the Republican State executive committee is a foregone conclusion; that he will not be a candidate to succeed himself in Congress from the Fifth district is as certain. These interesting facts I have gathered in a few days' sojourn at Republican headquarters, for so this famous resort, for weeks a beehive of political activity, may be justly termed. Further, and of equal interest, especially to the people of the Fifth district, is the strong probability that Prof. W. A. Blair, of Winston-Salem will be nominated to oppose Major Charles M. Stedman, Prof. Blair is one of the strongest candidates the Republicans of the district could select. He is a member of the national educational board, a man of strong intellect and great ability and a good speaker. While Col. John W. Fries has been "mentioned" it may be put down as practically certain that Mr. Blair will be the nominee.

The fight against Chairman Duncan has been one of the most interesting situations that have developed in Republican politics in years. Mr. Duncan has made the best resistance possible with only the organization of Federal office-holders at his command, but it seems evident that he has lost. For the first time in the history of the Republican party in the State the rank and file has waked up and for the first time in its history has begun at the beginning—the primaries. Quietly, but assidiously, ever since last January the plans to overthrow the present regime have been in formation. It embraces the organization of every precinct of every county in the State—something new for the Republicans, for it is known of all men that the office-holding Republicans of the State wanted no organization and did not want the party to grow. The spoils wouldn't go around if the party developed.

The result has been that Chairman Duncan has waked up to find himself beaten. Instead of the back-porch convention of postmasters that he and others have controlled in the past he was confronted with a system, rapidly approaching perfection, of primaries in which the "outs" had as much voice as the "ins" and only, it seems, in the "vest-pocket" counties where the organization of the anti-Duncanites had not been perfected is he holding his own. As an evidence of how systematically the campaign against him was conducted I have only to mention that here in his own county the country precincts went against Duncan. He lost Morehead City at the primaries last night, and I hear tonight that Beaufort, his native town, has instructed for Colonel Morehead, and this in the face of the fact that no effort was made by the opposition to carry the county; it was conceded to Duncan, and if the well authenticated reports that he has lost it are true it will be a genuine surprise to the Morehead forces.

Ever since it was announced that former Senator Marion Butler was at Morehead City and that he had come back to the State to conduct Congressman Morehead's campaign, politicians the State over have been on tiptoe to learn what this astute politician was doing and what his plans were, and while there has been long-distance speculation, most of it has fallen short of the mark, and while much of this may read like Republican campaign material, it is necessary to both gratify the guesses of the curious and to apprise the Democratic hosts of the State of the plans of the opposition. As a prominent Democrat, who is summering here remarked tonight: "The Republicans are going to give us more trouble this Fall than they have in some years and a hell of a lot more two years hence. The Democrats of the State make a mistake in underestimating the smartness of this man Butler. They may as well understand now that they have him to reckon with."

That is as true as Gospel. The former Senator has "come back." He is in State politics again. His fine Italian hand is seen for the first time since the memorable days of fusion. He has begun something that was never attempted before—the complete organization of the Republican party—in short a revolution, for that's what it means. Of course the claims that are made have to be swallowed with a grain of salt. The Republicans can no more carry the State this fall than the Atlantic Hotel could fly, but the leaven is at work. This man has succeeded in arousing the rank and file of the party against Federal office-holder rule, and that means that the Democrats will have to face what they never have fought before—organization.

And what reward does Mr. Butler seek for putting in his vacation in hard work, when—a man of means—he could be enjoying his leisure hours? From morning until night he is dictating letters by thousands and receiving Republican leaders and delegations from all over the State. A prominent newspaper man, who has talked much with the former Senator, declares that he honestly believes that the man is in this campaign simply because he loves the game; a prominent politician told me that to his mind, while it was chimerical and sounded far-fetched, he believes it is framed up for two years hence—Mr. Morehead desires to be Governor and Mr. Butler wants to go back to the Senate.

COLUMBUS AFFAIRS.

Badly Divided Between Godwin and Clark—Entertainment—Foxes.

(Special Star Correspondence.)

Whiteville, N. C., Aug. 5.—The entertainment given last evening at the auditorium of the Whiteville High School, for the benefit of the Civic League of our town, was largely attended by not only our own citizens, but the visiting teachers and many from a distance. The receipts were over $30. During and after the performance one of the heaviest rains of the season fell, and many ladies had to go home in the rain.

Farmers say foxes are unusually numerous this year, and they are killing off a great deal of poultry, especially geese. Several parties have organized hunts to try and thin them out. In some sections foxes are said to be almost as numerous as old field rabbits

Candidates for county offices have about quit campaigning. Our voters are badly divided between the Godwin and Clark factions, and they are drawing the line on candidates and demanding "Under which flag, Bezonian?" The candidates are not as yet ready to commit themselves, and therefore remain at home, hoping that the congressional waters will be stilled before their time comes.

Hon. Jackson Greer, candidate for the State Senate, is not in good health, and left this week for Jackson Springs to recuperate his health. The senatorial convention came off Thursday, August 11th, at Clarkton, and it is creating considerable attention. The pledged vote is about equally divided between Messrs. Donald McRacken and Jackson Greer. There is some talk of bringing in a dark horse, and among the names mentioned are Mr. C. C. Prigen, of Tabor, and Hon. James M. Shipman, of Welch's Creek. The Godwin men want Mr. J. R. Williamson to enter the arena, but he says under no circumstances will he become a candidate.

A friend of Hon. I. B. Tucker stated this morning to The Star representative that it is a mistake about that gentleman being for Mr. D. L. Gore for Congress; that the friends of Mr. Tucker intend to put him in the race for Congress, and that he will get the solid vote of Columbus county, and he believes him to be "the strongest man the Republicans can nominate."

MR. BROWN WRITES.

Asks Some Questions About Recent Congressional Tangle in Sixth.

(Special Star Correspondence.)

Tabor, N. C., Aug. 4.—As the first convention at Wrightsville are claiming that they nominated the Hon. O. L. Clark for Congress I wish Messrs. Patterson, Carr and Terry Lyon, all of them or one of them, to answer the following questions, for the Democratic voters of the district:

1. How was it possible under the Democratic plan of organization and according to the ruling of the chair man could they count 60 votes for Mr. Clark from Robeson county on the ballot they claim that gave him the nomination, when 45 of the votes were sent up from the Robeson county convention for Mr. Godwin, and the delegates that were representing Mr. Godwin's vote of strength at the convention were not taking any part in that convention and Mr. Godwin's name had not been withdrawn from the convention?

2. How was it possible that the whole vote from Columbus county was counted for Mr. Clark when the county convention sent 25.60 instructed votes for Mr. Godwin and none of the Godwin delegates from Columbus were taking an ypart in the convention and Mr. Godwin's name had not been withdrawn?

It looks to me like according to my understanding of the plan of organization, that convention had no control of the Godwin strength and as they gave Mr. Godwin 115 votes on the first ballot which developed his strength and as the delegates representing that 115 were not taking any part in the convention that the convention could not count any part of that vote for any of the other candidates so long as they acknowledged Mr. Godwin's name before them. That only left 136 votes to work with and when Mr. Clark was declared the nominee by the chairman every candidate's name was before the convention and all received some votes except "Big Sandy." If those gentlemen can straighten out this tangle it may be the means of doing Mr. Clark some good.

SOUTHERN BANKS OPPOSE.

Guarantee of Bills of Lading Might Bring Them Losses.

New Orleans, Aug. 5.—Southern bankers are taking a hopeful view of the situation created by the action of English bankers in demanding that cotton bills of lading, sent with drafts to foreign ports, should be guaranteed by American banks. The position of many banks in the South is at the same time one of doubtfulness as to guaranteing bills of lading.

Many banking institutions are yet to be convinced that they can make such guarantee without endangering their assets. It is asserted that national banks, under the law, can not guarantee bills of lading and that State banks will not make such guarantee because they are unwilling to assume the financial responsibility thus entailed.

On the other hand, bankers of New Orleans and other Southern cities say they would not object to validating certificates, but that this is as far as they would care to go in insuring buyers of American cotton against loss by possible fraudulent practices.
